

/mnt/c/ABC/CS/github
/Facial-Recognition/src
/libs/linalg.h

```
graph TD; A["/mnt/c/ABC/CS/github  
/Facial-Recognition/src  
/libs/linalg.h"] --> B[stdlib.h]; A --> C[stdio.h]; A --> D[string.h]; A --> E[math.h]; A --> F[time.h];
```

The diagram illustrates a source file's include path and its dependencies. A central box at the top represents the source file, with five arrows pointing downwards to five separate boxes, each representing a standard C header file.

stdlib.h

stdio.h

string.h

math.h

time.h
